

*Where the mind is with out fear
and the head is held high.....*

India is my country

And I will always strive to make

Me and My country to help in the development of mankind

To achieve this...

I shall be Caring for others and Principled in my behavior

I will be Reflective and Responsible for all my actions

I will always be Open minded to new ideas and respect otherds' feelings

I will Communicate all my feelings positively

I will be an Inquirer and ask questions wherever required

I will be a Risk taker and take time out to initiate progressive actions

And stop all negative traits

I will be a good Thinker and a Balanced person to make my self into a

Proactive citizen at all times

I will always apply the Knowledge I acquire to lead myself

And thereby my country.
